SCREW CASING

We especially wish to call your attention to our new well casing, called "CREW JOINT CASING." It is very simple and SO easy to put together. Is of greater strength than the old kind. No straps, or wire or rivets to bother with. Call and inspect it.

IT IS EXPENSIVE

To monkey with anything poor in the line of plumbing. The best is bound to be the cheapest in the end and besides it always gives satisfaction. It is a good plan to economize when economy

is a saving, but in this instance it is poor economy to sacrifice quality for price.
